

THINK ENERGY!

OUR MISSION

*To make clean energy simple, easy and affordable for everyone.

PRODUCT BENEFITS

**100% Clean Energy

Think Energy offsets 100% of your electricity consumption with renewable energy certificates produced by wind, solar, and hydro resources.

Earn Cash Back

When new customers enroll in one of Think Energy's electricity plans, they can be eligible to receive \$100 back after six months.

Price Certainty

Think Energy offers competitively priced electricity products where you pay the same fixed rate throughout the term of the contract.

Rainforest Protection

Think Energy protects 50 trees in the rainforest for each customer who enrolls with Think Energy.

The Free Energy Club is an innovative customer referral program, designed to be the most simple and rewarding in the energy industry.

- Free Energy Club members can earn monthly cash rebates of up to 100% of their Think Energy electricity supply charges for as long as you remain a customer
- Think Energy customers are automatically enrolled in the Free Energy Club

Think+ is our energy network marketing opportunity powered by Think Energy.

To learn more about Think+: www.thinkenergy.plus/

Think Energy does not guarantee any savings compared to your utility's standard offer rate or any other provider. Your rate may be higher or lower than your utility's standard offer rate. Think Energy is not and does not represent your utility. Your utility will be responsible for delivering the electricity to your location and providing service in the event of any outages or emergencies. Your switch to Think Energy will take 1-2 billing cycles.

* The Product Benefits described on this flier apply to Think Energy products marketed outside of Connecticut. However, consumers located in Connecticut can still take advantage of Think Energy's price certainty and rainforest protection by enrolling.

** Excluding of Connecticut. Outside of Connecticut, Think Energy offsets 100% consumer electricity consumption with renewable energy certificates produced by wind, solar and hydro resources. Currently, Think Energy's products in Connecticut continue to meet Connecticut's renewable portfolio standard, but its products do not meet certain regulatory requirements permitting them to be marketed as "clean," or "renewable," or "green" under Connecticut's regulatory framework.

THINK ENERGY!
